SYMBOL

BUILDINGS AND SIGNS

To be treated individually in a manner determined by environmental factors. Agreed standard colour to be Green BS 5-061 in the absence of factors requiring the use of other colours. Detailed paintwork will be in white. Antique 6 caps suitably spaced will be used for the words Greene King and other major headings wherever possible, and these will be kept in one line unless impractical. Three dimensional lettering and symbols will have the returns in a different colour from the face. Signs which carry a village name will have the name in Modern 20 Caps and lower case, the words Greene King in Antique 6 Caps

VEHICLES

A detailed specification for painting vehicles is with the Transport Manager. Parson's Audley Green will be used as standard, with lettering and symbol in white. The words Greene King will be in Antique 6 capitals, suitably spaced, and all subsidiary matter in the caps and lower case of Modern 20

GRAPHICS AND OTHER EPHEMERA

Capitals *only* will be used of Antique 6, suitably spaced, and caps and lower case in combination will *always* be used of Modern 20 and italic and Scotch Roman and italic, never caps alone. Scotch Roman will only be used as text and never as headings

The symbol will generally be used without a containing border or ring, and the figure, or parts of the figure, will only be used with an infill when illuminated

A number of reproductions of practical applications will be found in this folder, which are intended to serve as a general guide for the handling of the elements above
